STATEMENT OF NON-SUPPORT OF PROPOSED 22,049-ACRE FUQUAY-VARINA ETJ EXPANSION

We, the property owners and/or residents and business owners of southern Wake County, wish to have it known we are not in support of the proposed massive 22,049-acre FV ETJ (Extra Territorial Jurisdiction) expansion into southern Wake County.

We are not in support of targeted properties and residences and businesses being zoned, regulated, permitted, inspected, charged fees by, and/or controlled by the Town of Fuquay-Varina or its zoning and/or its ordinances, rules, permitting and fees and inspections, and/or regulations.

Property owners and residents and business owners if placed in FV's ETJ have absolutely no voting rights over any Fuquay-Varina elected official—we cannot vote against them—therefore, being regulated and controlled by FV's ordinances, permits, fees, inspections, and zoning is completely unacceptable for the targeted properties, residences, and businesses.

Targeted properties, residences, and businesses should and are requested to remain in the jurisdiction of Wake County and be governed by Wake County's Zoning and Unified Development Ordinances (UDO) rather than being subject to and regulated and controlled and being inspected by, permitted by, and/or charged fees by the Town of Fuquay-Varina or its Zoning and Land Development Ordinances (LDO).
